

Going to the Meeting

One day somebody told me a story about what it is like to be a slave.....

“While I was walking along the lake one day, I saw someone getting taking. The got captured in a net. I was so shocked! I thought that they were going to take me. I ran as far away as I could!”

I never believed that story in the first place. Later on I heard about a giant meeting in Brunswick Methodist church. When I heard this giant meeting was about to stop slavery. I said to myself

“I should maybe go because slavery is wrong, they get treated horribly!” should I go?

Later on that day I was walking along the road to Brunswick Methodist church, I saw my friend, she came over and said

“Where are you going?”

“To the Brunswick Methodist church meeting.”

“What meeting is it?”

“To stop slavery!”

“Why it’s a waste of your time!”

“Well I am going because I think slavery is wrong!”

“Ok I will come to this meeting to see what it is like.”

When we were walking out of the church I said

“Well that wasn’t so bad was it?”

“No that was great I am coming to the next meeting to stop slavery

The next day me and Niamh and I went to the meeting and that day slavery stopped! Niamh was very very happy and so was I!

Lots of people went to a meeting to stop slavery

In Newcastle lots of people said stop slavery it is not fair because little kids get caught in the world. They get took onto a boat and to a different country and they never see their parents again and they got treated bad and they got stuck in a dungeon and staved to death. People supported

Slaves in Newcastle because they cared about them people. When somebody byes a slave they check you to see if you are healthy if you are not healthy the people will not by you if you are healthy they will buy you. If you see somebody trying to get somebody tell them to stop!

Why is there slavery?

Its not fear we need to stop it now or it will get worse and people are acting unfair and I do not like it little kids and good people are slaves it's not fair. People get took away from there families to be slaves and they don't do anything wrong and they should stay with there families. So please help them. They are sad and hungry. The rich are SPITEFUL! Slaves are just ordinary people being captured to become slaves and IT'S NOT FAIR ! Please help them because there is little kids that are slaves. Tell parents to tell there children not to go outside without them. STOP SLAVERY NOW!

Suddenly a slave

I was worried what was going on?
One minute I was at home now I am gone,
I was thrown on a boat,
Without time to get my coat,
Now we are here,
I am sure I see a pier,
I think it is time for lunch,
I am starving better munch,
Now it is time to get working,
No I am not shirking,
Oh no there's a boat,
I hope they have got my coat,
Time to go home I hope,
But first I have got to get this rope.

Lots of people in Newcastle signed a pretention to stop slavery. If they didn't do any thing he would of just been left their. So would all the other saves would to and slavery would still be going on today.
