

Poor demand a vote

The rich should not be the only ones allowed to vote. We are all humans who want a fair country to live in where we all have a say in the way we live. The poor can't change the laws unless they have a vote.

Thomas Spence got put in prison because he declared a vote, also he was born in Newcastle on the Quayside.

He said all the land should be shared out fairly it was his plan Spence was put in prison twice because he wanted to help the poor about 200 years ago.

We should remember Spence today and help the poor
